E. _____

No variance to the provisions of this Ordinance shall be granted by the Zoning Board of Appeals unless it finds that all the following facts and conditions exist and so indicates in the minutes of its proceedings.

- A. Preservation of Intent. No variance shall be granted that is not consistent with the purpose and intent of the regulations for the district in which the development is located. No variance shall have the effect of permitting a use in any district that is not a stated permitted use, accessory use, or conditional use in that particular district.
- B. Exceptional Circumstances. There must be exceptional, extraordinary, or unusual circumstances or conditions applying to the lot or parcel, structure, use, or intended use that do not apply generally to other properties or uses in the same district and the granting of the variance would not be of so general or recurrent nature as to suggest that the Zoning Ordinance should be changed.
- C. Economic Hardship and Self-Imposed Hardship Not Grounds for Variance. No variance shall be granted solely on the basis of economic gain or loss. Self-imposed hardships shall not be considered as grounds for the granting of a variance.
- D. Preservation of Property Rights. The variance must be necessary for the preservation and enjoyment of substantial property rights possessed by other properties in the same district and same vicinity.
- E. Absence of Detriment. No variance shall be granted that will create substantial detriment to adjacent property and will materially impair or be contrary to the purpose and spirit of this Ordinance or the public interest.
